A life celebrated: 150 attend party honoring Seamans

By Daryl Fisher
Features Editor

Mariachis were part of the eclectic entertainment at Saturday's service

On March 27th a memorial party was held at the West Sacramento Senior Center to honor the memory of longtime local resident Virginia Shepherdson Seamans, who died February 19th at the age of 85. Mrs. Seamans was a graduate of the University of Illinois, a former school teacher, member of the U.S. Marine Corps Women's Reserve, author of "Ballet for the Bones", which illustrates 26 in-water exercises that are helpful in reducing the effects of osteoporosis and arthritis on senior citizens, and was one of the founders of the West Sacramento Historical Society. She was also a world traveler and a devotee and supporter of the arts, including opera, ballet, theater and art museums.

VIRGINIA SEAMANS

The memorial party was attended by more than 150 West Sacramentans and included a farewell salute from the United States Marine Corp Color Guard from Sacramento, reminiscences from many of her friends, musical selections from talented 14-year-old singer Alincia Vela, and a memorial proclamation from West Sacramento Mayor Christopher Cabaldon, part of which read:

"Virginia delighted in such activities as world travel, hot air ballooning, photography and swimming in the YWCA Swim-a-Thon, and remained dedicated throughout her lifetime to Mexican art, music, literature, culture and promoting understanding and friendship with the citizens of Mexico; and. . .through her involvement with the West Sacramento Historical Society, East Yolo Friends of the Library, the Circulo Hispano, and the West Sacramento Senior Center provided inspiration and support to those around her and contributed immeasurably to the community."

One of the memorial party's coordinators, Louisa Vessell, said, "Virginia always lived life to the fullest and she was an inspiration and role model for many of us. Her husband once advised her that when it comes to living, 'do it now!', and that's exactly what she did. And not only did she enjoy herself, but she also made a real difference while she was with us, and she's truly going to be missed."

From the West Sacramento Redevelopment Agency

People usually shoot pictures of friends, family gatherings and vacations, but a new photo contest invites people to take their best shot at West Sacramento – for the opportunity to win $500. Titled "48 Hours in the Life of West Sacramento," the contest challenges all photographers, regardless of experience, to focus on the extraordinary images of everyday life throughout the city – fascinating faces, landmarks and landscapes.

Presented by the city of West Sacramento, in association with The News-Ledger and The West Sacramento Press, the contest invites both resident and non-resident photographers to snap photos during a specific 48-hour span of time, starting Friday, April 30, and continuing through Saturday, May 1. Photographers can take a picture of their own choosing, in color or in black and white, as long as the subject is in West Sacramento. Entries must be submitted within ten days following the contest to be considered for judging. No entry fee is required.

Just about everyone can enter one of the contest's six categories, based upon eligibility:

Opening Day for Little League

By Daryl Fisher
Features Editor

The West Sacramento Little League's annual parade was held last Saturday morning and was followed by Opening Day ceremonies and exhibition games at Memorial Park. The parade is a four-decade long tradition and this year 30 teams entered floats. Each year the league awards prizes (pizza parties) for the three best decorated floats, and this year's winners were the Yankees, the Tigers, and the Rangers.

"It was a perfect spring day for baseball," said new league president Pam Geivett, the first woman to hold that position in the league's history. "Opening Day is always an exciting time, and this year was no different. The players did a wonderful job on the floats and all the people along the parade route seemed to be really enjoying themselves. We have over 360 young boys and girls in uniform this year and everyone is excited about getting the season underway. The goal is for everyone to have fun and today was a great beginning."

Longtime West Sacramento resident Whitey Boisclair, the founder of Whitey's Jolly Kone, was chosen to throw out this season's first pitch and the assembled players began to chant his name as he strolled confidently to the pitcher's mound.

"I had a real good time," said Whitey, who decided to get a little closer to the catcher before he tossed a strike over home plate. "My grandkids have been coming over to the house after school to help me practice and that definitely helped. It was an honor to throw out the first pitch and it was a lot of fun, too."

"Everyone at Whitey's Jolly Kone has been wonderful to the Little League over the years," said Geivett. "For more than a decade, Steve and Paula Erickson, who currently own and operate Whitey's, have come over every Opening Day and cooked hamburgers for everyone attending the ceremonies, and they have given all the profits to the league. Plus everyone loves Whitey, so he was the perfect person to throw out the first pitch."

Mayor Christopher Cabaldon participated in the Opening Day ceremonies by presiding over the presentation of championship pennants and city proclamations to the members of last year's 11 and 12-year-old All-Star team, which just missed winning a trip to the Little League World Series. "The whole community was very proud of your determination and efforts," said Mayor Cabaldon. "It was a wonderful accomplishment and you set a great example for all the players who will come after you."

During the ceremonies, Geivett announced this year's new league officers and they are: Jim Stephan, vice president; Dale Drodz, secretary; Lavonne Coen, treasurer; Carla Marquez, senior vice president; John Cabral, player agent; John Zonneveld, equipment manager; Judi Santiago, fund raising; Tammy Rochester, scorekeeper; and Rod Overhouse, umpire-in-chief.

Geivett also announced the top three winners of the candy sale and they were: Chris Shills, 1st place (20 cases); Mike O'Neil, second place (17

What to do if you wake up with a red thing on your arm

My Back Pages

By Daryl Fisher

A couple of weeks ago, I woke up at the usual hour, stumbled into the bathroom to shave, and was approximately half-way through that boring routine when I happened to notice there was a bright red spot approximately the size of a dime on the inside of my right forearm. It wasn't very painful, it didn't itch, and after I examined if more carefully for a few minutes, I came to the conclusion that a nasty little spider or a giant bedbug or some other unfriendly creature of the night had probably bitten me while I was sleeping. Anyway, I didn't think much about it again until I came home from work later that afternoon and discovered that the ugly red spot was now the size of a quarter, not a dime.

"What do you think this is?" I asked my wife, showing her my forearm.

"It kinda looks like a carbuncle," she replied matter-of-factly.

"A what?"

"A carbuncle," she said again. "My dad used to get them all the time."

"Now what in the world is a carbuncle?"

"They're like a boil, I think."

"Why did he get them all the time?"

"I don't know. He never said."

"How did he get rid of them?"

"Sorry, but I don't remember that, either. I think my mother used some old home remedy on him, but I can't remember what it was."

I decided to break out a dictionary, and the definition for carbuncle read: a painful local purulent inflammation of the skin and deeper tissues with multiple openings for the discharge of pus and dead tissue.

"I don't think it's a carbuncle," I reported to my wife.

"Why not?"

"Because it doesn't have multiple pus openings."

"What?" she asked, her facial expression making it obvious that she really didn't want to get into a detailed conversation about multiple pus openings.

"Anyway," I said, "I think we can definitely rule out carbuncles."

"Then maybe it's just a boil?" suggested my wife. "My dad used to get them, too."

"Boy, your dad wasn't a very healthy man, was he?"

"He only started getting stuff like that when he got older," explained my wife with a smile.

"Very funny," I said as I hurried back to the dictionary, looking for the definition of boil, which read: a localized swelling and inflammation of the skin resulting from infection in a skin gland, having a hard central core, and forming pus.

"The key word in all these things seems to be pus," I reported back to my wife.

"Why don't you just call the doctor, Daryl?"

"For a little boil?"

"Then at least call your mother. She knows every home remedy that ever was, and I'm sure she can tell you what to do."

Suddenly, my mind flashed back to some of my mother's favorite home remedies, which she had learned at her mother's knee, and they included: for a sore throat, you heat up some turpentine and Vicks and generously apply it all over your neck; for a bad cough, you mix some sugar in a teaspoon of water and add three drops of kerosene (this deadly mixture had to be gulped down while you held your breath, because the fumes could actually choke you if you weren't careful); for a chest cold, she mixed up a bunch of dry mustard with some warm water. This goop was then liberally spread out all over my chest, covered with a sheet of flannel, and within minutes, my whole torso felt like you could roast marshmallows over it; for any kind of skin disorder, there was Dr. Saymon's foul-smelling salve (for some reason, all really effective home remedies must reek of some offensive odor); for a stuffy nose, globs of Vicks were shoved up my nose until I could only breathe through my mouth; and for everything else, one was given "a dose of salts", which was the fastest acting laxative ever known to man.

A few hours later, my wife asked me, "Well, have you called your mother about that gross thing on your arm yet?"

"No," I said, "I think I'll just go see the doctor after all."

Joke of the week: Thieves in London recently stole a whole lorry load of Viagra. Police are reportedly looking for hardened criminals.

SPORTS

Sports Insider

By Richard Novoa

The NCAA has a new basketball champion in the University of Connecticut Huskies! UConn (- 9 1/2 points) outlasted the heavily favored Duke Blue Devils to win the 1999 title 77-74. Last week the News-Ledger mistakenly printed an old sports insider column so the West Sac. readers missed my almost prefect NCAA predictions for the tournament!

I picked the winners in the semifinals and also provided my readers with an insiders view to the upset of Duke. The whole world was on the Duke bandwagon, even UConn's coach, Jim Calhoun, said before the big game that Duke was the best team in the nation. Duke did have the best in America players on their roster and was on a 32 game winning streak! This is why America loves sports! The young men from UConn, who only lost two games all season, were motivated by the moment in their lives where they could be proud of their accomplishments and play their hearts out before the basketball community. Yes, they shocked the world but it wasn't a shock to their school, family or the UConn fans.

Jim Calhoun will win the coach of the year award this season but not because they upset the mighty Blue Devils. He will be recognized for this talent in teaching basketball but more importantly about his skill in teaching life in general, while at the same time motivating young men to believe in themselves and by being a good role model that instills the attitude that rewards people for hard work. The Huskies weren't lucky, they just worked hard all year!

The Oakland A's home opener is on Monday, April 5th against the Major League champion New York Yankees. The Giants open the season on the road in Cincinnati and return for their home opener on Thursday, April 8th at 1:00 p.m. against the N.L. Champion San Diego Padres. Tickets are still available to both home openers!

The Sacramento Kings (13-17) are still in the hunt for the final three playoff spots even though Chris Webber in out with the flu. The Kings lost on Sunday night to Houston and may have to play a few games without Webber. The Kings have 13 home games and seven road games remaining, of which 12 games are against teams that under .500. The Kings playoff battle will be against Minnesota (16-13), Seattle (15-13), Phoenix 14-16) and Golden St. (12-16). All four of these teams have more away games than the Kings. Any victory over these four teams will carry double weight during the playoff run. The Kings are at home on Tuesday night against Utah but then must face a tough road schedule that take them to Portland (Wed.), Minnesota (Sat.) and Seattle on Tuesday, April 6th. If the Kings can win a couple of these games they'll be set for their April home stand that has them hosting 10 games, while traveling only three times. April will be the month that will make of break the Kings season.

Speaking of make or break, West Sacramento's undefeated boxer Willie Jorrin, continues his quest to a world title bout. Jorrin won a 10 unanimous decision over Edgar Garcia last Sunday at the Radisson Hotel and his set to fight again on May 10th. Jorrin is also being considered for another chance to fight on ESPN2's Friday night at the fights on July 2 at the Radisson.

If your interested in attending a Kings game, the West Sac. Aztecs youth soccer team is having a fund raiser by selling tickets ($20) to the Kings games. The Aztecs have 150 seats together for the April 17th game against the Denver Nuggets. Bring your family and friends to a night of Kings basketball! The soccer team gets to keep $4.00 for every ticket sold! Tickets need to be purchased by April 9th. You can help the Aztecs raise $$ by calling team mom, Joyce Novoa, at 372-7332 and reserve your tickets for your family or group!. See ya next week!!

(EDITOR'S NOTE: A layout error made last week's Sports Insider a repeat column by mistake. The editor apologizes.)

RC tennis clashes with rival unbeaten team

From River City High School

The two remaining undefeated tennis teams in the Golden Empire League met last week at Colfax High School, and like so many times before during the past three seasons, it was the River City Raiders who came out on top. The visitors left the scene with a 7 to 2 victory over the host Falcons, taking over sole possession of first place in the G.E.L. and running their league match winning streak to thirty-three straight.

"I guess we sort of have their number," said a jubilant Raider Coach Dave Brooks. "We get up a little higher for a Colfax match than for other league teams because the Falcons always have such a talented squad. But this makes it six straight wins for us against them and it's a real sweet one. There were some close individual matches and we managed to pull most of them out in our favor."

It was the perfect way to go into this week's spring vacation – a big win over their main league rival – but it was a close one, especially early on. The Falcons have four courts and the four singles matches were contested first. The hosts managed a 2-2 split in these as the Foxes, #2 girls singles player Krissy and her brother #2 boys singles player Tom, defeated River City's Loan Nguyen and Khampheng Insixiengmay. R.C. received its singles wins from #1's Aaron Potnick 6-3, 6-2 and Khonesavanh Lattasima 6-4, 6-4. The overall match's outcome would come down to the five doubles matches, and the Raiders swept them all.

In #1 boys doubles, R.C.'s Prak Pich and Huy Truong jumped out to an early 6-1 lead and won 10-4. Andy Amphonephong and Ka Yang then put the Raiders up 4 matches to 2 with their 10-4 win in mixed doubles. The clincher came when the #2 boys doubles team of Sisavat Phouanglasy and Casey Insixiengmay won a hard-fought and very emotional 10-8 victory.

"That was one of the most amazing #2 boys doubles matches I've ever seen," said Brooks. "All four guys, even Ireland and Silverman from Colfax, hugged me as they left the court." Offered Insixiengmay, "I've got nothing left inside me...I left it all out on the court."

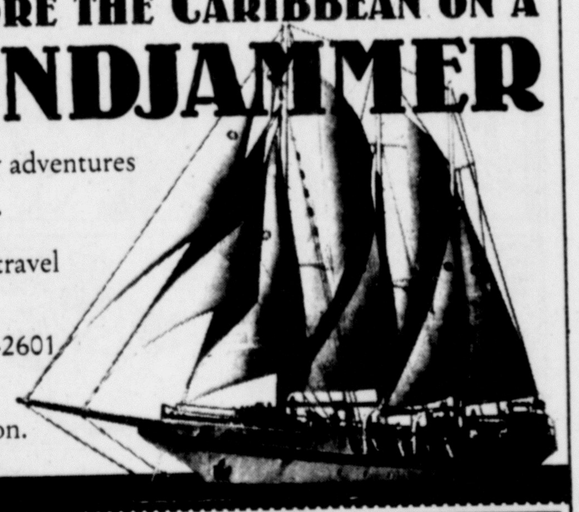

Although the overall match winner was no longer in doubt, the afternoon's excitement was not yet over. In the top girls doubles match, Raiders Sue Yang and Sokpin Phoung dug themselves a huge hole, falling behind 2-7 to the Falcons pair, Summer Berry and Brandina Morrison. As champions will though, Yang and Phoung

OPINION

News-Ledger Editorial:

Down this path before

If you have been reading between the lines, you may have already figured out that there is again instability at the top of the Washington Unified School District.

This is not a secret. It is a fact widely discussed among board members, administrators and other WUSD personnel. What they say is that the district will likely be looking for another superintendent within a year.

Current superintendent Dr. Dennis Kelleher has taken over from predecessors Del Alberti and David Miller, both eased out this decade by an unhappy school board. A minority on the board now opposes Kelleher, who is wisely checking out other employment opportunities.

Because the old three-person board majority broke up last year, it does not appear that Kelleher faces immediate severance.

The proposed firing of middle school principal Janette Clark (proposed by Kelleher with the backing of three board members, but avoided with Clark's last-moment resignation) was a symptom of the current split. Recent WUSD school boards have an active tradition of what some call "micro-managing"; that is, becoming intimately involved with school policies and personnel issues which are usually best left to the staff they hire. For awhile, this involvement kept Clark in place despite an obvious unsuitability for the job. But in the end, three board members felt she should go, the superintendent made the recommendation, and the problem became an emotional "wedge" issue for a board already re-evaluating the superintendent's position.

Remember, the board had just voted to extend the superintendent's contract – but with two abstentions.

It is clear that for the WUSD board to begin to make real progress, it needs to abandon methods that haven't worked during three administrations. The board needs to agree on a superintendent and then stand back and let him or her work. The board's job is to hire the right top management, make the big policy decisions, and set the budget.

Too much of anything else has historically brought trouble.

Letters to the Editor

Loaves & Fishes project, 4th Street

Regarding the Loaves and Fishes folks from Sacramento. Sacramento has been dumping on West Sac for years. "Interviewing" doesn't make a good tenant. Interviewing several times makes them no better. The first requirement for tenancy should be completion of a drug or alcohol program. Anything less almost guarantees failure and even that wouldn't guarantee success, only a better chance of success.

HAL GJERMANN

Helping the disabled

So Sacramento is being sued by wheelchair citizens for greater accessibility – especially at corners – as per the Americans with Disabilities Act/ADA of nearly 10 years ago.

And since many of these wheelchair folks are being encouraged to change from the more costly Paratransit, Inc. to the thriftier Regional Transit/Light Rail, improved accessibility elsewhere (work, shopping, transfer points) would make sense. This should include more and better shelter protection at bus stops and Light Rail ramps. Shelters without overhang protection from rear should be retrofitted with louvers at top to protect from rain.

How to pay for all of this concrete and other work? How about some of that $4 trillion projected federal surplus over the next 10 to 15 years?

With President Clinton saying 62% must be reserved for Social Security/Medicare, maybe some of that financial pie could be allocated to state/local entities via federal blanket grants. Local advisory boards, including those who must use public transit, should make recommendations.

Including the elderly and handicapped/disabled. Retrofitting of horizontal grab bars on buses in front of wheelchair positions (in other districts, as needed) would be a good idea, too. Let's help Congress handle the $4 trillion surplus, bring old sidewalk corners up to ADA code and settle this logical wheelchair access lawsuit. Quite an investment, even from an accident prevention standpoint.

WASHINGTON NEWS ITEMS

The Sacramento River registered 19 feet 5 inches, United States guage at the Southern Pacific bridge yesterday. A great depth of snow in the mountains assures the farmers of the valley that there will be no shortage of water in the river during the coming summer. At the present writing it is reported that there are 65 inches of snow at the summit and it is being packed so that its lasting qualities will hold it during the entire spring. Certainly there is no scarcity of water or lack of moisture in the soil in this section of Yolo County and farmers are taking advantage of the opportunity to get their cultivating done and all their crops planted before another rain.

The Bridge Cafe, a dancing hall that had been in operation about a month, was cleared out last Tuesday when all the material was auctioned to the highest bidders. Although the furnishings had cost over $4000, very little over $400 was realized on the entire material. The rear end of the building where the cafe was located, stands on the right of way for the highway that is about to be built to the M street bridge and will have to be moved or the building remodeled to comport with the roadway.

R. A. Brooks, manager of office activities for the General Petroleum Corporation, with his assistant, J. W. Rogers, spent some time yesterday at the corporation's headquarters in West Sacramento. They are making note of the necessary equipment that will be needed in the near future. E. E. Bane, service representative of the General Petroleum Corporation, with headquarters in Oakland, was also a visitor yesterday at the Westgate headquarters. All three returned to Oakland yesterday evening.

J. Misetich escaped a serious accident last Wednesday on the Freeport road in Sacramento when the steering gear of his automobile became loosened and he was unable to control its direction. Suddenly shutting down his power and applying his brakes, Misetich managed to reduce the speed of the car, but nevertheless, the automobile collided with a telephone post and was damaged to the extent of about $100. He escaped with only a shaking up and some slight bruises.

Miss Alta Flynn and Miss Louise Gold have been visitors at the Lindquist home during the past week and expect to stay several days longer. Miss Flynn came from Portland and Miss Gold from Colorado. They are old friends of the Lindquist family and are professional nurses who devote a good deal of their time to philanthropic work. Both are highly educated and besides practicing their profession, between times devote considerable time to relieving the sick and dispensing charities where they are badly needed. Both these ladies expect to spend some time at Truckee before returning to their homes. They want to witness the winter sports in California because they feel lonesome for the snow to which they were accustomed for several years in their home localities.

Tony Bell is farming about seven acres in the Westgate district, just north of the pump house that now supplies water to the homes of Westgate. Tony is experimenting with spinach, horse beans and other varieties of vegetables which people here believe would not grow on sandy soil.

A resident of Sacramento spent considerable time yesterday searching for a Star coupe that had been stolen from his home on the previous evening. He enlisted the aid of Constable Wilson and toured the various roads in and around Washington but failed to find the Star.

WASHINGTON WAS NAMED IN 1850

Washington, in Yolo county, more frequently called Broderick nowadays, was named by Mrs. James McDowell, widow of the first settler in that locality, on Washington's birthday, 1850. McDowell had purchased 600 acres from John Schwartz for 12½ cents an acre. After McDowell's death his widow founded the town, gave it a name and filed the first plat. Schwartz gained considerable fame by raising melons and other garden truck and selling it to miners in Sacramento at fancy prices.

B. Parker, arrested by Triffic Officer H. R. Jacobs on February 22 for driving at a rate of forty-three miles an hour on the state highway near the Yolo causeway, appeared before Judge Barry yesterday and pleaded guilty to the charge. After paying his fine he promised to sin no more and delivered $10 to the Judge.

R. Henry, arrested on February 21 by Traffic Officer Jacobs for cutting in on the Yolo causeway, has not yet appeared before Judge Barry for trial. He will likely regret his driving recklessly because the Judge is severe on those who endanger lives on the causeway.

Mettie Peluso was married in Sacramento yesterday forenoon by Rev. Father Taverna at the Italian Church at Seventh and S streets. His bride was Miss Margaret Torres, age 21, while he gave his age at 19 years. Immediately following the ceremony the young couple went to Oakland on a wedding trip. Peluso is a son of J. Peluso, who operates a soft drink place near the Southern Pacific bridge.

Endowed with the distinction of deputy constable, Walter Leinberger, familiarly known as "Doogan," placed a victim of canned heat under arrest last Wednesday evening when he created a rumpus in the vicinity of the postoffice. The canned heat victim didn't like the idea of spending all night in the calaboose and fought back at Leinberger, who was in no mood to stand for back-slack from a poor, depraved creature who uses canned heat as a stimulant. Accustomed to handle great carcasses of meat, Leinberger handled the canned heat victim like he was a toy and threw him about as if he were a shuttlecock, but, nevertheless, did not injure him. A lawabiding citizen himself and anxious to see the balance of the community just as lawabiding, Leinberger despises anyone who dwindles to the level of a canned heat user. SITE FOR NEW SCHOOL SELECTED BY TRUSTEES ON THE MERKLEY PLACE NORTH OF CARLY ACRES

The site for the new school to be erected by the Washington school trustees was selected last Wednesday when the trustees agreed with Roy Brooke to take over three acres on the Merkeley ranch north of the state highway in Carly Acres.

The location is immediately across the state highway from Rucker Station.

For these three acres the trustees consented to pay $1,500, but of that amount the residents in the immediate neighborhood consented to pay a bonus of $500. In that manner the Washington school trstees will only put up $1,000 for the three acres.

Mrs. Manchester told the Independent yesterday that the best price she could get from the West Sacramento Company for three acres located between Westgate and Carly Acres was $1,500.

The location of the school at this place is considered an injustice by the residents of Westgate, who voted in favor of the bonds because they were promised that a site would be selected for the building at a point in the West Sacramento district equally distant from Westgate and Carly Acres.

It was only the foresightedness of the residents of Carly Acres who voluntarily contributed $500 for the purchase of the site that was instrumental in prompting the trustees to locate the school in this location.

Residents of Westgate are now threatening to ask for a school district of their own, but yet they will be forced to pay their portion of the $20,000 bond issue that will go to build the school at Carly Acres.

But if the Westgate children must attend this school transportation must be provided for them, for the distance is somewhat over two miles, and certainly it would be better or shorter for them to continue attending the Washington public school.

The bonds are being advertised for sale at the present time, and according to expert reports on the legality of the bonds they will be sold to the highest bidder on Monday, March 1st, at the courthouse in Woodland.

Mrs. Manchester also advised the Independent yesterday that Miss Harriett Lee, county superintendent of schools, had visited the selected site and had given her approval of the location.

The Independent feels that the end of this matter has not yet been reached and that the Westgate people will not calmly submit to the location of the school at a site that is not midway between Carly Acres and Westgate.

This paper will welcome communications on the subject and will faithfully publish anything the parents or the taxpayers of the two districts wish to offer.

YOUNG MAN ACCUSED OF BURGLARY IS HELD TO ANSWER

At about 3 A. M. last Monday morning at the dance hall on Second street between Margaret street and the M street bridge James Jacks was arrested by the watchman in charge of the place and two other men who were called by the watchman and who were camping across the street from the hall.

Hearing a noise in the hall, the watchman noticed a dark figure prowling around the place, using a searchlight, which he flashed periodically. Instead of shooting, as is usual in cases of this kind, he went outside and called for help. With the aid of two other men Jacks was arrested and in his possession at the time of the arrest were two saxophones taken from the orchestra, a suitcase filled with tobacco, chewing gum, cigars and other material that had evidently also been taken from the place.

In Jacks' possession at the time of his arrest was found a very large screw driver about two feet in length which had been used to pry open the back of a gum vending machine and from which all the coin had been extracted.

Evidently this is a clear case of burglary against the young man.

He is now lodged in the county jail at Woodland and his preliminary hearing has been set by Judge Barry for Friday, March 6th. He offered no explanation at the time of his arrest.

BOND ELECTION FOR $8,000.00 FOR BRYTE SCHOOL ON MARCH 20

Woodland, Feb. 25.—Added to the two recent school bond elections, one in Davis and the other in the Washington district, still another election is to be held in the Bryte district, this one for $8000 for the purpose of obtaining funds to erect two rooms on the present Bryte Grammar School.

The bond election will be held March 20, according to announcement made this morning by District Attorney George T. Kern, who is preparing the papers in his office.

The two rooms for the Bryte school are held an immediate need, as accommodations for the school children at present are totally inadequate, it is stated. No doubt is felt by residents of Bryte as to the outcome of the election, and it is foretold that the bonds will be passed with probably no opposition.

The improvement of the Bryte school will have much to do with the advancement of education in Yolo County, which is growing by leaps and bounds. With the Davis High School to soon be erected, and a new grammar school for the Washington district to be put up in the future, this county can look to none other for leadership in educational lines

PROLONGED TRIAL RESULTS FROM SPREE OF LAST FRIDAY

To celebrate Washington's Birthday in proper style and to add a little luster to the occasion D. C. Berg and Ernest Miller started celebrating last Friday.

In the first place they intended to attend the prize fights in Sacramento last Friday evening and in order to do so they partook of a popular brand which is sometimes distributed along the river levee.

Returning from the prize fights, they felt a little depressed on account of a friend who had lost his battle in the arena. To relieve the depression they partook of a little more and in that way the fiesta was continued Friday night, Saturday and Sunday. The climax came, however, on Friday night, when Berg, who is a deputy constable, claimed Miller was drunk and wanted to arrest him for disorderly conduct and using foul language within the hearing of good men and decent women.

Berg, to fulfill his official duties, tried to handcuff Miller and succeeded in doing so, even though Miller put up a valiant fight.

When Miller was fully handcuffed, Berg poked his revolver into Miller's ribs to impress him with the majesty of the law.

Spending all night in the calaboose, Miller was very sore and sobered up next morning sufficiently to swear out a complaint against Berg.

Being a deputy constable, Berg refused to be arrested until Constable Wilson impressed upon him that he must come before Judge Barry and explain his actions.

Judge Barry set the trial for Berg for Wednesday last for 2 p. m. Miller was represented by Attorney Nelson French of Sacramento and Berg had the support of District Attorney Kern.

The trial lasted all Wednesday afternoon and the greater part of Thursday before an audience that filled the justice court as it was never before filled. Indeed the trial was so ludicrous that people came from many distant places to listen to it.

To wind up the trial on Thursday evening Berg was found guilty on two counts and was sentenced this morning by Judge Barry. The other count is yet to be tried.

Berg and Miller are residents in the neighborhood of Second and Margaret streets and have been good friends until poor booze set them at each other's throats.

HALE, ARRESTED IN SAN FRANCISCO FOR HOLDUP, ACCUSED BY AL. ZEIMER

Woodland, Feb. 25.—William Hale, arrested in Washington early last January in connection with a holdup and robbery in which Al Zeimer of Sacramento lost $3000 in diamonds, is in the county jail in San Francisco, accused of highway robbery. Word comes to Woodland that Hale was captured Tuesday night on the San Francisco water front after he held up Kenneth Nolan, special Southern Pacific policeman and robbed him of a valuable revolver. Hale was caught by bay police two blocks away from the scene of the robbery with the stolen gun and a blackjack.

Hale and five other defendants, arrested by Sheriff J. W. Monroe, including Dixie and Harry Williams of the

MACHINERY AND PUMPS IN PLACE TO START GRADING OF ROAD

At the western end of the M street bridge yesterday, H. V. Tucker of the H. V. Tucker Company, contractors, was superintending the placing of pumps and other machinery to start the work of filling the grade for the state highway that is about to be built from the M street bridge westward as far as Fifth street.

Two large pumps of six inches in diameter, with electric motors attached, are to be used in the filling. These pumps will not pump sand from the river bed but will be used to float the sand westward to the point of location.

Tomorrow a large clam shell dredger will take its place in the stream near the bridge and will throw up the sand from the river bed on the levee near the bridge. Into a trough this sand will be dragged with scrapers and a six-inch stream of water will then be started by one of the above mentioned pumps to float the sand to the low places where it is needed.

Mr. Tucker explained to the Independent that the second pump will be used to throw the excess water back over the levee into the river.

The fall from the top of the levee to the highest point along the roadway is at least twelve feet and this fall is estimated to be sufficient to carry the sand to its destination.

Tucker explained to the Independent yesterday that he expects to finish his job in less than forty days. He expected to start more than a week ago but was delayed because the power line necessary to operate his machinery could not be brought to the location before yesterday.

To control the water a trench will be maintained at the northern side of the fill for the roadway. This will allow the excess water to flow back toward the levee, at which point the second six-inch pump will be located.

PETROLEUM CORPORATION MAY HAVE TO RENT SITE AT DAVIS

To establish a distributing base at Davis representatives of the General Petroleum Corporation have been looking for a site during the past week in that locality but so far have been unable to secure the needed ground at a resonable figure.

Owing to publicity given by the Independent on this question about two weeks ago it seems that landowners felt they had an opportunity to hold up the corporation for enormous prices for their land. This the corporation refuses to do and as a consequence no site has yet been secured.

The corporation expects to pay a reasonable figure for the necessary land but the Davis people are asking San Francisco prices for their holdings.

An alternative presents itself to the corporation of leasing a site from the Southern Pacific Company on which to establish the distributing base.

WEST SACRAMENTO RECLAMATION TRUSTEES MEET

Joseph Peltier, Samuel Harbinson and A. F. Turner, trustees of the West Sacramento district, otherwise known as District No. 900, held their monthly meeting last night at West Sacramento headquarters.

Questions of importance were taken up by the trustees and acted upon but the meeting was in session at such a late hour that this paper was unable to secure the transactions for this issue.

George M. Jones, secretary of the bondholders' committee of the West Sacramento district, accompanied Mr. Peltier on the trip from San Francisco.

PACKING HOUSE AND SHIPPING POINT TO BE LOCATED AT WESTGATE

Report was current in Westgate yesterday that a large packing and canning concern was about to locate a cannery or packing house along the river near Westgate.

From what the Independent could learn it is understood that G. D. Hudnutt has already contracted to build a large building and judging from the size of the order for lumber that was given a Sacramento lumber yard, the new building will not be a two by four.

The Independent could not confirm the report because of the lateness of the hour at which information came into its possession.

LOCAL YOUNG COUPLE MARRIED IN WOODLAND

Last Tuesday in Woodland Grant DeRiso, 24 years of age, and Miss Jennie DaGiau, 19 years of age, were married after a courtship of several years. They had been sweethearts since they attended school and the culmination of their romance was not unexpected.

Mrs. Helen Hicks was the only witness from this locality present at the marriage.

Grant DeRiso is a son of Frank De Riso, one of the oldest residents of Washington. He is a machinist in the Southern Pacific shops in Sacramento and is popular with all the young people of the town.

Mrs. DeRiso was a pupil of the Washington public school and was raised here and is also very popular with those who know her.

Temporarily the young couple will make their home with Frank DeRiso, a brother of the groom, on their return from Oakland, San Francisco and other points where they went on their honeymoon.

International Year of Older Persons

The United Nations has proclaimed 1999 the "International Year of Older Persons." This worldwide observance offers a perfect opportunity for the community of West Sacramento to highlight the unique contributions of our older citizens. The theme for the year, "towards a society for all ages," was chosen by the United Nations to promote the philosophy that societies should be inclusive in nature, should embrace all population groups and should share resources equally. In our diverse, and ever-changing world, the aging process is one of the few things that unifies and defines us all. We are all aging, including our world, and this is something to be celebrated. Some of the events planned include the following:

Intergenerational Chili Cook-off: April 7, 6 to 9 p.m., Davis Senior Center. $3 per person or $5 for two. Chili cooks must enter in teams of two or three and must represent two or more generations.

Community Swing Dance: April 22, 6 to 10 p.m., Memorial Auditorium. $10 per person. Tickets available at the door.

Global Embrace 1999: This is a series of walk events embracing the globe: in time zone after time zone, aging will be celebrated in cities around the world, through these walk events. The walks will start in countries in the Pacific, where the date line marks the start of a new day. Join us October 2 on the West Steps on the State Capitol at 11 a.m. Call the senior center for more information.
